1. At the northern exit of Ebreichsdorf, Soviet troops are billeted in a two-floor villa which has nine windows across the front and is surrounded by a large garden. Except for one sentry (black-red service color), no soldiers were observed. An antenna installation on the roof was observed as per sketch below:

2. The castle in the southwest part of Ebreichsdorf is Soviet billeted. The area is surrounded by a high wall and the main gate is blocked by a barrier. Observation was difficult because of trees. The sentry at the entrance wore black service color but could only be seen by observer thru the bushes. An antenna installation on the tower was observed as per sketch below:
